

In preparation for the 2011 ESPN GamePlan season beginning in September we will be conducting three complete system tests. The test will run on three consecutive **Thursdays**; August 18, August 25, and September 1 at 2:00 PM ET lasting approximately one hour in duration. We will offer six feeds of action from ESPN's library on ESPN PPV channels 1-6. The purpose of these tests is to confirm that operators can see the signal off of the ESPN PPV transponder Galaxy 18, transponder 21 without any technical difficulties. If you are experiencing any technical issues during this time please contact our hotline for troubleshooting and assistance at 1-888-5MICKEY (1-888-564-2539).
